**FF conference**

### ***the NEXT Generation***

This Foundation™ Fieldbus End Users Council Australia (Inc) seminar is a major event which brings together international experts to present their experience around the future theme of "FF – the NEXT Generation". The line up of International and local speakers again ranks as one of the best ever. The presentations cover a diverse subject range including :-

- **Valve Smarts with Partial Stroke Testing**
- **Foundation Fieldbus – "Future Directions"**
- **Powering the BUS – which PS to use**
- **FF – Designing within the Limits**
- **NAMUR NE107 Benefits**
- **Enhanced EDDL Diagnostics**
- **Applications in the Field (CIF)**
- **FF-SIS vs PCS - the Differences**
- **Dynamic Arc Recognition & Termination**
- **Redundant FF H1 Segments**

Foundation fieldbus is the next quantum leap in DIGITAL Instrument Technology. It has the potential to provide huge savings and gains in the efficiency of a plant. Come along and reap those benefits - networking and learning from some of the most respected Foundation fieldbus experts in the world.
